

EnviroWatts Agreement

Henry County REMC offers members the opportunity to support renewable energy production through its EnviroWatts program. Members can agree to pay 90 cents for 100 kWh of electricity that is produced by renewable resources. The 90 cents is in addition to our regular rate.

The undersigned agrees to purchase _____ block(s) of EnviroWatts each month at 90 cents each. Each block is 100 kilowatt-hours. The 90 cent fee per block is in addition to the regular Henry County REMC rate and will be used to support the production of renewable energy.

This agreement will be in effect for 12 months. After 12 months, the above purchases of EnviroWatts will continue until the member cancels or changes the agreement.

Blocks purchase _____ X 100 kWh = _____ kWh per month

Blocks purchased _____ X 90 cents = \$_____ per month

Name _____

Address _____

Phone _____ Account _____

I agree to purchase the above blocks of EnviroWatts for a minimum of 12 billing months.
